

IntelliBrite™

Color-changing LED Landscape Light

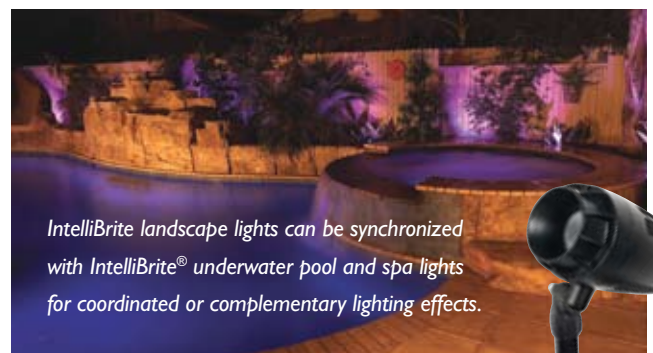

By Pentair Water Pool and Spa®

Showcase your landscape with captivating color and animated light shows

IntelliBrite™ color-changing LED landscape lights are the exclusive way to add a variety of colored lighting effects to your backyard retreat. Whether you're ready to wind down for the evening or perk up for a party, IntelliBrite LED landscape lights will create the perfect atmosphere.

- Select from two color effect modes for a total of 10 rich, fixed colors and 14 mesmerizing, automated light shows to match your mood, the occasion or the season of the year.
- Choose between two brightness levels to alter color intensity.
- Fully adjustable, compact, medium flood design in attractive matte black finish.
- Easily placed to highlight a tree, shrub, lawn sculpture or garden, as well as to illuminate drives, walks or decks and patios.

IntelliBrite landscape lights can be synchronized with IntelliBrite® underwater pool and spa lights for coordinated or complementary lighting effects.

IntelliBrite lights have earned the EcoSelect brand, designating them as the most environmentally responsible choices in the Pentair Water Pool and Spa family.

IntelliBrite™

Color-changing LED Landscape Light

Screw-off lens cap provides fast, easy access to mode and brightness switches.

Superior lens geometry and reflector design create highly uniform light and color distribution for best overall light quality.

Adjustable elbow joint for easy vertical adjustment.

Mounting stake for secure attachment and easy installation.

Simply the most dramatic lighting option available

LED technology is clearly the wave of the future in energy efficiency, lifetime value, and quality of light. And IntelliBrite technology uses the brightest LEDs available to add the vibrance and intensity that create the beauty, safety and security you want around your home.

- Easily connected to standard 12 volt transformer.
- Provides significantly longer life than incandescent light bulbs.
- IntelliBrite lights feature durable, solid state technology with no internal filament to wear out.
