

# INTELLIFLO® VS+SVRS

## VARIABLE SPEED PUMP

THE SMART CHOICE FOR SAVINGS AND ADDED SWIMMER PROTECTION

# Added savings. Greater peace of mind.

INTELLIFLO® VS+SVRS PUMP—TRUSTED BY  
PARENTS WHO WANT GREATER PEACE OF MIND.

The IntelliFlo vs+svrs Variable Speed Pump was the first pump developed with an integrated Safety Vacuum Release System (SVRS). This system features a built-in controller and proprietary software designed to help detect a suction or drain blockage and automatically stop the pump to provide an added layer of protection against entrapment. The IntelliFlo vs+svrs pump complies with the current ASME A112.19.17 standard for Safety Vacuum Release Systems (SVRS).\*

\*Standard for Residential and Commercial Swimming Pool, Spa, Hot Tub and Wading Pool Suction Systems, as required by the Virginia Graeme Baker Pool and Spa Safety Act.

# Installed in more pools worldwide than any other variable speed pump.

INTELLIFLO INNOVATIONS ADD UP TO GREATER EFFICIENCY, ENERGY SAVINGS AND UNIVERSAL APPEAL.

IntelliFlo Variable Speed Pumps started an energy-savings revolution. No wonder they're the world's best-selling variable speed pumps. And, the IntelliFlo vs+svrs just got better. With energy savings of up to 90%\*\* versus conventional pumps, a new easy-to-read rotatable keypad and advanced programming capabilities, pool pros and pool owners love them even more. Plus, they have a record of proven field reliability that no competitor can match.

\*\*Savings based on variable speed pump compared to a single-speed pump running 12 hours per day at an average of \$0.16 per kWh in a 20,000 gallon pool. Actual savings may vary based on local utility rates, pool size, pump run time, pump horsepower, pump rpm, plumbing size and length, pump model, service factor and other hydraulic factors.

# Feature rich and automation ready to give you optimized performance, even remotely.†

DESIGNED TO HANDLE YOUR POOL'S AUTOMATION NEEDS AND STILL DELIVER MAXIMUM ENERGY EFFICIENCY.

To meet your pool's needs today—and be ready for upgrades tomorrow—there's no better choice than the IntelliFlo vs+svrs Variable Speed Pump. Designed to pair with Pentair EasyTouch® or IntelliTouch® Automation Systems, this advanced pump can be programmed to deliver the right flow required for filtration, water features, spas and other equipment. With the IntelliFlo vs+svrs, you can add equipment and features, or change them, without reducing pump performance, all while still providing maximum energy efficiency.

† Remote access via a computer, smartphone or mobile digital device requires the separate purchase of a ScreenLogic® Interface.

**Energy savings of up to 90%\*\***  
Moves water more efficiently at lower speeds

**More environmentally responsible**  
Dramatically reduces electricity consumption

**Runs on the same principles as a hybrid car**  
The advanced permanent magnet motor is far more efficient than single- and two-speed pumps

The IntelliFlo vs+svrs pump interfaces with Pentair automation systems to give you the convenience of mobile digital device control.†

# Super efficient—and so quiet you can hear the savings pile up.

RELIABILITY AND SAVINGS. THAT'S WHY POOL BUILDERS, RETAILERS AND SERVICE PROFESSIONALS COUNT ON PENTAIR.

Quiet means you enjoy a more relaxing, satisfying pool and spa experience, because the IntelliFlo® vs+svrs pump is the quietest pump on the planet. While its Totally Enclosed, Fan-Cooled (TEFC) motor helps to reduce noise and prolong pump life, its reliable variable speed technology allows it to operate so efficiently and quietly that at lower speeds, you might not realize it's running.

## AN ECO SELECT® BRAND PRODUCT

The IntelliFlo vs+svrs pump has earned the Eco Select brand distinction as one of the "greenest" and most efficient choices from Pentair. Eco Select products are designed to help you save energy, conserve water, eliminate or reduce noise, or otherwise contribute to a more environmentally responsible equipment system.

The ENERGY STAR® Certified IntelliFlo vs+svrs pump from Pentair meets strict energy-efficiency criteria set by the U.S. Environmental Protection Agency and the U.S. Department of Energy. This pump saves money, reduces energy use and protects the environment.

Performance Curves

NOTE: The chart above demonstrates performance rates at factory preset speeds of 3450 RPM, 3110 RPM, 2350 RPM, 1500 RPM and 1100 RPM.
