

POOL HEATER WARNINGS:

⚠ DANGER

⚠ DANGER

CARBON MONOXIDE GAS IS DEADLY

⚠ WARNING

- * * * **READ OWNER'S MANUAL COMPLETELY BEFORE OPERATING. THESE WARNINGS ARE NOT A SUBSTITUTE FOR THE WARNINGS AND INSTRUCTIONS CONTAINED IN THE OWNER'S MANUAL * * ***
- **Exhaust from pool heaters contain toxic levels of carbon monoxide, a dangerous, poisonous gas you cannot see or smell. Symptoms of carbon monoxide exposure or poisoning include dizziness, headache, nausea, weakness, sleepiness, muscular twitching, vomiting and inability to think clearly.**
- **IF YOU EXPERIENCE ANY OF THE ABOVE SYMPTOMS, IMMEDIATELY TURN OFF THE POOL HEATER, LEAVE THE VICINITY OF THE POOL OR SPA AND GET INTO FRESH AIR IMMEDIATELY. THE POOL HEATER MUST BE THOROUGHLY TESTED BY A GAS PROFESSIONAL BEFORE RESUMING OPERATION.**
- **EXCESSIVE CARBON MONOXIDE EXPOSURE CAN CAUSE BRAIN DAMAGE OR DEATH.**
- **NEVER use a pool heater indoors without specified ventilation system (and properly installed vent pipe).**

POOL HEATER WARNINGS:

⚠ CAUTION

- **NEVER** use a pool heater in the home or in partly enclosed areas (such as garages), without the installation of a proper ventilation system. If used outdoors, install away from windows, doors, vents and other openings.
- **POOL HEATERS MUST ONLY BE INSTALLED AND SERVICED BY A PROFESSIONAL SERVICE TECHNICIAN QUALIFIED IN POOL HEATER INSTALLATION.**
- Pentair strongly recommends that all vents, pipes and exhaust systems be initially and periodically tested for proper operation. This testing can be accomplished by using a hand-held carbon monoxide meter and/or by consulting with a gas professional.
- Pool heaters must be used in conjunction with carbon monoxide detectors installed near the pool heater. The carbon monoxide detectors must be periodically inspected for proper operation so as to insure continued safety. Broken or malfunctioning carbon monoxide detectors must be replaced immediately.
- If you have any questions about use of this product or safety precautions, contact Pentair Water Pool and Spa's Customer Service and Technical Support at (800) 831-7133.
