

MAGICSTREAM®

# MAGICSTREAM® LAMINARS

## CRYSTAL CLEAR BY DAY, DRAMATIC COLOR AT NIGHT

MagicStream Laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly colored with an energy-efficient LED light source. The result is a water effect that adds an elegant bit of entertainment to your poolspace.

## FEATURES:

- Adjustable housing allows you to customize the water arcs to meet your desired needs.
- Installation is made flush to your deck or other surface; no unsightly or unsafe edges, just the magic of water erupting from a hidden source.
- Nighttime color effects include the ability to hold a steady color or scroll through a range of five vibrant LED colors! A microprocessor-controlled, color-changing LED lighting system is at the heart of the MagicStream Laminar. It has three distinct programs—synchronized, random and party—and can freeze on a single color.
- Perfectly synchronizes with IntelliBrite® 5g Underwater Color-Changing LED Pool and Spa Lights and ColorCascade® LED Light Bubbler.
- For a more enriching nighttime experience, a solenoid is integrated into the LED system to “thump” the water stream, adding a bright spot of light as it follows the arc into the pool or spa.
- Works with optional IntelliBrite Controller or EasyTouch® and IntelliTouch® Automation Systems to give you fast and easy control of your lighting experience.
- Pair with optional ScreenLogic® Interface and enjoy control from your PC or Mac® computer, iPhone®, iPad®, iPod touch® mobile digital device or Android® device.

## LAMINARS

### ENHANCING THE ENTIRE SENSORY EXPERIENCE

MagicStream Laminars clearly add to the sights of your backyard sanctuary. But, they also provide a gentle, soothing auditory experience as the stream gently enters your pool—just a hint of sound to mask neighborhood noises that may otherwise interrupt your down time.

### ADDITIONAL FEATURES INCLUDE:

- Laminar box lids available in tan, black and gray to match or complement pool deck or other installation surface.
- Laminars are easily adjusted two ways: vertically from 62° to 75° to create different heights and arc shapes, and the direction the arc is pointed can be moved right or left up to 60° total. Get creative by varying individual stream's height, arc shapes, direction and color.
- MagicStream Laminars come fully assembled and ready to install on nearly any water return line. To create spectacular nighttime effects, an LED light engine is included. Simply add plumbing and a pool transformer to provide just 16 watts of 12V power.
- Laminars are designed for easy removal and replacement.
